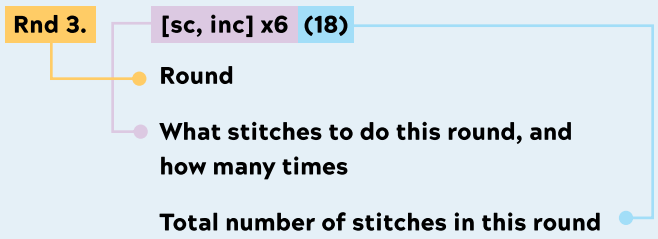
HOW TO READ A WOOBLES PATTERN



For round 3, repeat the pattern in the brackets 6 times. The pattern is: single crochet in 1 stitch, then increase stitch in the next stitch. Because an increase is actually 2 single crochet stitches in the same stitch of the previous round, the total number of stitches in this round is 18.

PATTERN

HEAD & BODY

With tan, blue and black yarn.

TIP Keep track of where you are by placing a stitch marker in the first stitch of the current round.

Rnd 1. (tan yarn) start 6 sc in a magic loop (6)
Rnd 2. 6 inc (12)
Rnd 3. [sc, inc] x 6 (18)
Rnd 4. [2 sc, inc] x 6 (24)
Rnd 5. 24 sc (24)

TIP Your piece might start curling - that's totally normal. For a neater final look, push the middle of your piece until it curves the other way. This makes the "right side" face out. Then keep crocheting to the left. If you're a lefty, keep crocheting to the right.

Rnd 6. [5 sc, inc] x 4 (28)
Rnds 7-9. 28 sc (28)

TIP You're changing colors in the next round. Remember to switch colors in the last step of the stitch before the color change.

Rnd 10. (switch to blue yarn) [6 sc, inc] x 4 (32)

Cut the tan yarn.

Rnds 11-13. 32 sc (32)
Rnd 14. (switch to black yarn) 32 sc (32)

Cut the blue yarn.

Rnd 15. 32 sc (32)
Rnd 16. [2 sc, dec] x 8 (24)
Rnd 17. [sc, dec] x 8 (16)

Attach the eyes between rounds 7 and 8, with a 6-stitch space between them. Attach the insignia piece between rounds 10 and 11, aligned with the right eye. If this amigurumi is for a baby or pet, embroider the eyes instead. Stuff the piece, shaping it like an egg.

Rnd 18. 8 dec (8)

Fasten off, leaving a forearm's length yarn tail. Thread a needle with the tail; then use it to pull the yarn tail through the front loops of each stitch. Pull tight to close the remaining gap. Hide the tail in the body.

ARMS

With tan and blue yarn (make two).

Rnd 1. (tan yarn) start 6 sc in a magic loop (6)
Rnd 2. [2 sc, inc] x 2 (8)
Rnd 3. (switch to blue yarn) 8 sc (8)
Rnd 4. 8 sc (8)

Single crochet the open edge of the arm together:

Step 1.
Flatten the arm and insert the hook under the first two stitches across from each other, so there are five loops on the hook.

Step 2.
Sc both sides together.

Step 3.
Continue to sc together the next three pairs of stitches. Fasten off, leaving a forearm's length yarn tail.

Continue the arm embroidery before sewing the arms on the body.

ARM EMBROIDERY

With glitter yellow yarn (make two).

Step 1.
Thread a needle with an arm's length of yarn. Insert the needle somewhere on the bottom of the arm, and pull it out a hole between rounds 3 and 4. Leave a 6-inch tail.

Step 2.
Staying between the rounds, wrap the yarn around the arm. Insert the needle into the same hole it just came out of and pull it out one round up between rounds 4 and 5.

Step 3.
Staying between the rounds, wrap the yarn around the arm. Insert the needle into the same hole it just came out of, and pull it out of the same hole in the arm that it originally went into, so that both tails are coming out of the same hole.

Step 4.
Tie a knot with both tails, as close to the surface of the body as possible. Hide the tails in the body.

Step 5.
Sew the arms to either side of Spock's body, between rounds 9 and 10, below the collar. Hide the tails in the body.

EARS

With tan yarn (make two).

Rnd 1. start 3 sc, picot, sc in a magic loop (4)

TIP *picot* means to make 3 ch, then sl st into the third ch from the hook.

Pull the tail so the magic loop is closed. Fasten off, leaving a forearm's length yarn tail. Thread a needle with the tail, then use it to sew the ears to either side of the head spanning rounds 7 and 8, four stitches behind each eye. The picot should be facing up, so the ear looks like it has a pointy tip. Hide the tails in the body.

MOUTH

With black yarn.

Step 1.
Thread a needle with a forearm's length of yarn, and insert it somewhere on the right side of the body. Pull the needle out the hole between rounds 8 and 9, one round down and two stitches to the left from the right eye. Leave a 6-inch tail.

Step 2.
Insert the needle two stitches to the left and pull it out of the same hole in the body that it originally went into, so that both tails are coming out of the same hole.

Step 3.
Tie a knot with both tails, as close to the surface of the body as possible. Hide the tail in the body.

Step 2.
Insert the needle one round up and two stitches to the right, and pull it out the hole between rounds 6 and 7, one round up and one stitch to the right from the left eye.

Step 3.
Insert the needle one round up and two stitches to the left. Pull the needle out of the same hole in the body that it originally went into, so that both tails are coming out of the same hole.
